Options

National/International

Further national and international options are available

All prices in CHF incl. VAT. ¹ Unlimited data volumes in Region 1: 40 GB with maximum possible high speed in the respective roaming country, after that reduced speed (download 256 kbit/s, upload 128 kbit/s). ² Data volume in Zone A/B/C/D/E: Data volume as stated, with maximum possible high speed in the respective roaming country, after that reduced speed (download 256 kbit/s, upload 128 kbit/s). Standard prices abroad (roaming): www.sunrise.ch/business/roamingrates. Further information can be found in the fact sheets for each of the data subscriptions.

Main benefits:

Premium service for best performance.

With the premium version, you will benefit from the fastest speeds, prioritized connections even under high network loads on the outstanding 4G and 5G Sunrise network, and the best roaming partner when you're out of the country.

Easy and flat rate.

4 simple flat rate tariffs for unlimited mobile Internet.

International.

Particularly attractive to business travelers. Thanks to 3 international flat rates that are easy to use when you're abroad.

Country regions

Current country listings can be found at www.sunrise.ch/business/roamingrates

Satellite roaming

Cruise ships and planes sometimes provide coverage via mobile networks. These networks are often run over satellite connections, although the device displays the name of a regular mobile phone provider (Vodafone Malta, for example). Satellite connections are always more expensive than regular mobile phone connections. SMS: CHF 0.50/SMS, mobile Internet via satellite roaming is blocked.

General

Services are intended for business customers for regular business customer use. Included services that are designated as "flat rate", "unlimited", or "inclusive" may have certain usage caps, depending on the rate. If usage exceeds this cap, additional charges may be incurred, as indicated by the corresponding rates. If use of the Business Mobile products considerably exceeds normal customer use, or if there are indications that the SIM card is being used for special applications (such as surveillance applications, machine-to-machine [m2m or IoT], direct-dial and continuous connections), Sunrise reserves the right to transfer the customer at any time to another product, to discontinue the service, to take other appropriate measures, or, after unsuccessful prior warning, to cancel the corresponding Business Mobile product without notice.

SMS and MMS

Included SMS/MMS messages only apply within Switzerland, unless otherwise indicated. SMS/MMS messages to or from countries outside Switzerland are billed according to the rates specified at sunrise.ch.

Mobile Internet

Mobile Internet connections are generally billed to the nearest 10 cents per session in 20 KB increments in Switzerland and on a per kilobyte basis abroad. The maximum mobile Internet connection speed for Business Mobile Internet subscriptions is up to 2 Gbit/s for 5G, and up to 700 Mbit/s for 4G+. The specified transmission speeds indicate best-possible performance and cannot be guaranteed. Actual Internet speed depends on factors such as topography, network coverage, distance to the transmission tower, signal strength inside/outside buildings or other factors and may be slower than the specified maximum Internet speed. Network maintenance works may result in local and temporary Internet speed reductions and disruption to connections. Local and temporary priority and speed reduction measures in the context of network management may occur. Data quotas or included credit balances that remain unused within a specific period will expire and are not rolled over to the next period. Unless otherwise indicated, data volumes included with mobile Internet connections only apply to usage within Switzerland. Mobile data connections in countries outside Switzerland are billed according to the roaming rates for the Business Mobile Internet subscription. Daily charges are applied from the time of first use until midnight of the same day.

The information in this document does not constitute a binding offer. Subject to changes at any time.
