| Special usages                          |  |
|---|--|
| Special and short numbers               | Calls made from the roaming country to normal special and short numbers within the country, including value-added services, are charged at the standard rate and not included in the roaming options.  |
| Toll-free numbers                       | Calls made from a foreign country to "toll-free numbers" in the same country or another country are charged at a higher rate for special numbers and are not included in the roaming options.  |
| Satellite roaming                       | Roaming over satellite connections, such as in airplanes and on cruise ships, is not included in the roaming options and is charged at the standard roaming rate (satellite roaming).  |
| Forwarding to the Sunrise mailbox       | Free   |
| Call forwarding                         | When a call is forwarded from a roaming country in Region 1 (e.g. to a landline in Switzerland), both the incoming call and the forwarded outgoing call are included in the roaming options.   |
| Listening to voice messages             | Free   |

| Duration for activation on certain date | <p>The activation date can be set for a certain date within a maximum of 3 months after purchase (e.g. the date the trip starts). In this case, the option will be activated at 12:01 a.m. on the desired date and end automatically at midnight of the 7th or 30th day.</p> <p>The option expires if it is not activated within 3 months.</p> |
| Duration for immediate activation       | If it is activated immediately, the option ends automatically at midnight on the 7th or 30th day.  |
| Renewal                                 | No automatic renewal   |
| Time zone                               | Activation, deactivation, and duration of use are always executed based on the Swiss time zone. Pay attention to time differences.   |
| Exceeding data volume                   | <p>If you use up all of your included data volume before the duration of use is over, the data used from then until the end of the duration of use will be billed at the standard roaming rate.</p> <p>To keep costs under control, additional data usage after the option expires can be blocked in cockpit.sunrise.ch.</p>                   |
| Further options                         | It is not possible to subscribe to multiple Travel days roaming options at the same time. If a new option is booked during the duration period of another option, the first option will be automatically deactivated. Any unused included credit belonging to the first option will expire.  |
| Added data volume                       | Data volume can be increased anytime at an affordable price with Travel data options.  |
