What is the Sunrise Business Cockpit?

The Sunrise Business Cockpit is a user-friendly self-service portal for all the employees of our business customers. With this solution, customers can add service options to business mobile subscriptions and pay privately - conveniently and hassle-free, using a credit card. This makes it possible to use a business mobile subscription for private use and also relieves you as a company of the private mobile costs of your employees.

With the Sunrise Business Cockpit, your employees can check which mobile subscription is currently activated and, depending on their requirements, adjust their mobile subscription settings individually.

For example, they can activate domestic options for an increased data volume or purchase international options for cheaper or free calls abroad. In addition, they can take advantage

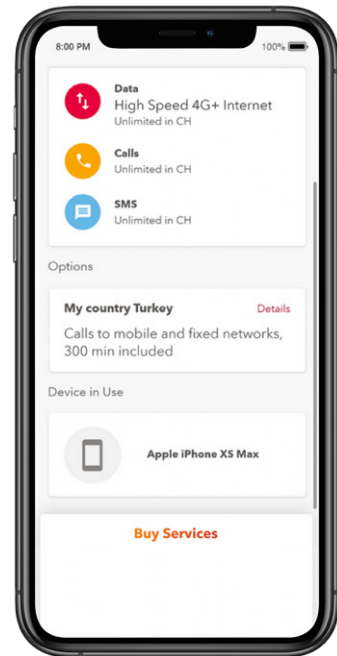

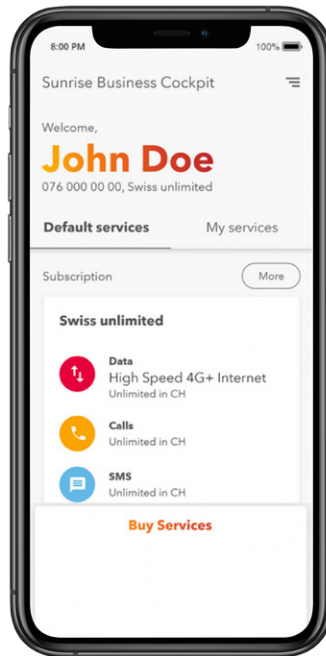

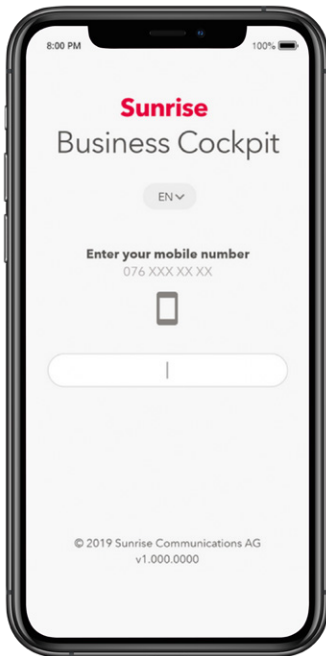

of the Sunrise Roaming Cockpit straight away, which offers roaming options for surfing and making calls while abroad.

How do you activate the Sunrise Business Cockpit?

The Sunrise Business Cockpit is activated for all Sunrise business customers by default. Customer-specific settings can be adjusted in the Sunrise Business Portal or via the Account Manager.

How do you access the Sunrise Business Cockpit?

Simply enter sbc.sunrise.ch into your browser or go to the Sunrise website and log in under "Self-Service & Contact".
