

Laufbahn & Metier GmbH uses flexible, modern workplaces thanks to the Unlimited Mobile Workplace solution from Sunrise.

Laufbahn & Metier GmbH has been providing its customers with personnel and procurement services since 2018. With the help of Sunrise, this startup offers comprehensive support in the area of career counseling: One important aspect of this is the Unlimited Mobile Workplace, which combines mobile, connectivity, and Work Smart services to create more independent, flexible workplaces. Even without any in-house IT infrastructure.

« As a young and dynamic company, we completely trust in Sunrise as a personally approachable partner who supported us from the beginning in all our telecommunication needs and continues to introduce us to other technological advancement opportunities, in particular those that are relevant to us. The Unlimited Mobile Workplace from Sunrise lets us work from anywhere we want, whenever we want, and we can be reached anywhere, even if we happen to be out of the office. »

Mauro Stefano, cofounder and partner

Customer benefits

- Communications services for startups from a single source, around the clock, seven days a week
- The modern, flexible, secure way to work – anytime, anywhere, and from any device; even without any in-house IT infrastructure
- A personal point of contact for questions and immediate troubleshooting and help if any issues arise, whether for SMEs, large-scale companies, or up-and-coming startups
- Cost savings thanks to the use of cloud-based solutions
- Easy reachability, the highest possible availability, and seamless, disruption-free coverage

Requirements

The provision of personnel services is an exciting, extremely challenging line of business. Its requirements and the associated challenges are changing at a rapid pace, in part due to digitalization. Keeping pace with the latest developments is vital. Laufbahn & Metier GmbH, which does not have its own IT department, realized this and was looking for a telecommunications provider capable of responding quickly and smoothly to constantly changing needs.

Top priority was given to personal reachability, security, reliability, and flexibility. An outstanding connection quality and the highest possible Internet bandwidths are indispensable criteria for a modern telecommunications solution that permits location-independent working – whether at a company's premises, a home office, or on the road.

Solution

After a detailed personal consultation and comprehensive examination of the startup's requirements, Sunrise was able to offer the right, forward-looking solution for Laufbahn & Metier GmbH: the Unlimited Mobile Workplace. This mobile solution from Sunrise provides mobile, connectivity, and Work Smart services from one source and thus a flexible workplace that operates without any in-house IT, has an outstanding network, and provides future-oriented, secure, and unlimited work options.

The **connectivity solutions** are based on simple Internet access. For its workplaces, Laufbahn & Metier GmbH selected **cloud-based Work Smart Services** with Office 365 incl. Teams with an integrated SIP trunking service (Microsoft Teams Direct Routing). Having the right Sunrise **mobile subscriptions** and access to their outstanding mobile network guarantee around-the-clock reachability from anywhere and from every device. The solution was installed exclusively by Sunrise in close cooperation with Laufbahn & Metier GmbH.

That made it possible for this budding Sunrise customer to launch its startup business, conduct online recruiting, communicate with candidates and customers, and always work from any location. Sunrise solutions are state-of-the-art technologies that are ever expandable. Easy to use in every respect and adaptable at any time, even by phone.
