

Business 5G Option.

Unlimited 5G speed for your mobile communications.

As we all know, time is money. And as a company, you want to lose neither money nor time. Not even when it comes to your mobile communications. That's why Sunrise, as the first provider in Switzerland, offers companies the Business 5G option. With this option - available with all unlimited Sunrise mobile subscriptions in the current Business Mobile Standard portfolio - you can surf the Internet at the maximum possible 5G speed, retrieve data instantly, and have video calls with your customers or business partners in real time.

You can activate the Business 5G option right when you sign up for your new unlimited Sunrise mobile subscription, or later through your account manager.

Don't wait to benefit from 5G, the latest in mobile communications standards - contact us now for a no-obligation consultation.

Your advantages at a glance

- Maximum 5G speed at very attractive rates
- Also valid for additional SIM cards such as "extra SIM"
- The option for all unlimited Sunrise mobile subscriptions in the current portfolio
- Monthly activation or deactivation

General terms and conditions

- The Business 5G option is activated for an indefinite period.
- If the activation occurs during the month, there will be a prorated charge for that partial month on the bill.
- The option is valid and active immediately upon activation. It renews automatically and remains in effect from activation until deactivation.
- Transmission speeds represent optimal performance and cannot be guaranteed. Actual Internet speeds depend on factors such as topography, network coverage, distance to base station, signal strength inside/outside buildings, or other factors, and may be slower than the specified maximum Internet speeds.
