(1) Information regarding the mobile operator used by the person you are trying to call can be obtained from our business helpdesk on 0800 111 555.

(2) Sunrise charges a setup fee (Setup) only for successful and actually established fixed-network connections. No fees are charged for unsuccessful connections (for example, recipient is busy or call is not accepted). Each call is rounded up to the next centime. The total invoice may have minor rounding differences.

(3) Calls to international premium-rate numbers are usually blocked by the foreign provider, but may be charged at the respective fixed-network or mobile network calling rates. Charges for such calls are calculated on an individual basis and may vary significantly from the standard rates.

(4) Per-second billing (Billing: Every fractional cent will be billed as a full cent.).
