- Unlimited surfing in Switzerland
- 4G high-speed Internet up to 5 GB

Mobile subscription

	Costs
Basic monthly fee (without discount)	CHF 45.00
Other costs	CHF 2.00 per day until the end of the billing month after using up the included 4G high-speed volume, as long as this feature is not deactivated. See the speed booster option below.
Validity of the Sunrise advantage/Sunrise One discount in promotions	<p>10% discount off the basic fee when combining an Sunrise Young Internet and TV product with an Sunrise Young mobile subscription. Prerequisite: All products must be invoiced on the same bill.</p> <p>For subscriptions with offer-related advantages (e.g. subscriptions with a reduced basic fee, subscriptions with free services, or subscriptions with free or reduced devices), the Sunrise advantage or Sunrise One discount will be paused during the promotion period. For promotions with a reduced basic fee (as of September 16, 2019), this applies for the period of the price reduction; for promotions with free or reduced devices (as of March 16, 2020), this applies for the set contract duration of the subscription that is eligible for a discount.</p> <p>For Sunrise Home products, the suspension of the discount applies to the basic fees of all subscriptions (Internet, landline network, TV).</p>
Activation fee (including SIM)	CHF 55.00

	Mobile Internet in Switzerland
Data volume	Unlimited
4G High Speed Data speed	<p>Up to 5 GB /month included</p> <p>After using up all of your 4G high-speed volume, the speed will be reduced (128 kbit/s upload and download) if the speed booster option has not been activated.</p>
Maximum speed	4G network (high-speed) 700 Mbit/s (download) und 300 Mbit/s (upload)

Mobile Internet in Switzerland

Speed booster option	<p>This option is activated by default. After using up the 4G high-speed volume included in your Freedom rate, it will allow you to continue surfing automatically with 4G high-speed service for just CHF 2.00 per day (up to 1 GB per day).</p> <p>One day is counted starting from the time of first use until midnight of the same day. This option can be deactivated once or permanently deactivated, in which case you will be able to keep on surfing free of charge and without limitation, but at a reduced speed (128 kbit/s upload and download). The speed of 128 kbps allows the use of basic Internet features such as email, messaging and surfing. Audio and video streaming may be buffered, and websites with large files may be build up with a delay.</p>
Data billing increments	<p>In 20 KB increments. Every partially used unit will be billed as a full unit.</p>
Note	<p>The transmission speeds listed represent optimal performance and are not guaranteed. Actual Internet speed depends on factors such as topography, network coverage, distance to the transmission tower, signal strength inside/outside buildings, or other factors and may be slower than the specified maximum Internet speed.</p> <p>Excessive use of mobile network services can impair network performance which has a direct effect on other mobile network customer's user experience. In order to prevent this situation, Sunrise will temporarily deprioritize data traffic of customers who reach a certain limit value. This generally only becomes noticeable when carrying out more data-intensive activities and only on antenna cells that are temporarily overloaded. More information you will find on our website.</p>
