The easy way to get online.

For more help, visit **www.sunrise.ch/sib-4**There is an even easier way: Scan the QR code with your mobile camera/QR scanner app to get to the instructions.

If something doesn't work quite right: You can find help and Tips & Tricks on the back.

What should I do?

I've plugged everything in as instructed and still don't have **any internet**.

Have you received the activation confirmation? Did you plug the DSL cable into the gray "DSL" port on the box?

The **LEDs** are not lit up.

Have you correctly plugged in the power cable? Is there any power coming from the outlet? Have you pressed the ON/OFF button?

The **plug** of my phone does not fit into the Sunrise Internet Box.

Use the adapter included.

I can't find my Wi-Fi (WLAN) login data.

You can find the network name (SSID) for 2.4 and 5 GHz and the password on the bottom of the box or on the enclosed sticker. This sticker has a QR code on it to scan and being quickly connected.

There is an even easier way: Scan the QR code with your mobile camera/ QR scanner app to get to the instructions.

Tips&Tricks

You can dim the LEDs. Briefly press both buttons simultaneously on top of the box.

Stand your box upright and install it as centrally as possible. To ensure that you get the best overall reception, do not place the box in a cabinet or too close to an aquarium.

Meaning of LEDs:

DSL/fiber connected

Internet connected

Configuring - do not touch

TV service configured

USB device connected

DECT

DECT phone connected

Phone number ok

Second phone number ok
