	Services
Functionality	You can manage the safety settings on the parents' device.
Scope of protection	Internet management Lets you monitor your children's online activities
	App management Lets you monitor your children's use of applications on PC, Mac, and Android phones and tablets. You can only set age-appropriate limits on iPhones and iPads.
	Device management Allows you to monitor your children's use of PCs, Macs, and Android phones and tablets. Due to restrictions in the operating system, you cannot block your children's iPhones and iPads. Instead, children will receive a message saying "time is up" when they exceed the usage duration established by their parents.
	Locating a child Lets you know your child's location
	Social network management Lets you keep an eye on your children's Facebook activity via My Kaspersky
	Mobile communication Allows you to monitor your children's calls and SMS messages on Android devices
	Real-time alerts Sends notifications to your mobile device in case of suspicious behavior
Warranty exclusion	Sunrise does not guarantee that the option protects against all possible threats, that it will be completely error-free or free from interruptions or other malfunctions, or that the option will meet your specific needs.
